

DI Sally Parker Series by Mel Comley.

5 Stars

5 of the best books I have read in a long time.

DI Parker is a young, bright detective in charge of her own murder team, they are the best in the area, and the team have some terrible cases to investigate.

The first few books in the series have Sally running a murder team, chasing heinous criminals and bringing them to justice, in the last ones, her and her team are given a cold case which will hopefully bring peace to some families.

I Loved these books, Sally and her team, have a great dynamic which is evident through all 5 of the books. They made me laugh and cry but most of all they made me want to read more of her books very soon.

Ms Comley has an innocence about her writing that brings a realness to her characters and novels.

These books are a thoroughly enjoyable read, short and action-packed with originality hard to find in crime fiction today.

Start reading book 1 The Wrong Place, and I dare you not to want to read the others immediately.
