

Gabriel's Journey by Mary Collis

4 Stars

Kidnapping or not?

Gabriel woke up in the hospital ward and had no idea how he had ended up in bed. He had never met the Japanese woman who claimed to be his carer at his home in London.

Then Gabriel dreamed about his adventure in his past when he travelled to the various parts of the world. He wondered if his dreams were the truth about who he was.

Gabriel woke up and claimed that he had got his memory back and Akemi, that Japanese woman, was not his carer. Akemi told the hospital staff that Gabriel had dementia.

This story unravels the plot of the kidnapping of Gabriel as he was maltreated by Akemi. He plotted to escape from his "prison" home and Akemi.

This novel has good writing style and I thank Mary Collis for it!
