

Mortal Outcomes by Dave Stanton

5 stars

Who is out to kill this bounty hunter?

Two New Jersey based rapists are on the loose in South Lake Tahoe. Dan Reno is called in to find them. One is easily found in a local, heavy-metal bar, but the other proves elusive. He is a satanist suspected of a string of murders and rapes and other heinous crimes.

The murderer evades Reno and vanishes. Reno and his best friend, Cody Gibbons, need to find him before this bad guy kills again. When he takes a liking to one of Reno and Cody's friends time is of the essence.

I loved this book. Cody is so funny and Reno bounces off him to make a great read. The story involves gambling, the Mob, drugs and gangs - everything you need in a good page-turner.

The author delves into the private lives of mob members and how hard it is to leave and make a new life. It also covers the difficult lives immigrants from Mexico have, trying to make a living.

This book is so good I am lost for words so give it a look and see what you think. I loved it! I am going to read the other books in this series and I hope they are as good.
