

Steal Big: Vatican City by Sean O'Driscoll

5 stars

Robbing the assets which are valued greater than expected!

The Mastermind, who met his love, Jasmine, in the prison when he was the warden, started his new insane plan: robbing the Vatican.

His strategy was almost flawless despite many difficult obstacles.

FBI agent Ben Fox was still fuming about the Mastermind, whom he failed to capture in the first book of the Mastermind series.

However, the Church's horror past caught up in the 21<sup>st</sup> Century.

This book reminded me how the Mastermind's estimated his multiple enemies during the implementation. "Never mind the guard dogs! Beware of the owner!" The Mastermind's shared cuts were in a surprising way!

I look forward to many more Mastermind novels in the coming years!
