

When Good Men Die by Rosemary Rowntree.

5 stars

A strange death in a beautiful county.

Campion is found dead from possible suicide, but when his girlfriend arrives from Madrid, she is unconvinced and seeks out DCI Upwood who decides to investigate a bit deeper into Campion Life. What he finds is even more complex than he first thought it would be.

I love these books! Ms Rowntree is a truly great author who captures the beautiful county of Cambridgeshire as well as writing a true old fashioned Whodunnit. The plot twists and turns and false leads prevail before the final reveal.

This is the second book I have read by this author and they have both been excellent. I am hoping to be able to read and review her other books soon as I miss reading about DCI Upwood already.

As you may gather I recommend this book. It is a good story with fab characters and a treat to read.

Chester.
